

**E-TANDEM**

## NATIONAL PLATFORM FOR HIGHER EDUCATION LINGUISTIC TANDEMS®

Are you a student or employee of a Swiss university?  
Would you like to improve your ability to speak  
another language?

Linguistic TANDEM opens up new avenues of learning.  
In addition to the traditional language courses,  
the emphasis is on oral communication. Two speakers  
of different languages form a TANDEM and teach each  
other their respective language by meeting face-to-face  
or virtually (Skype, Face time, Zoom, etc.).

edu.e-tandem.ch helps you to find a language partner  
within your institution or at a partner university.

**Don't wait any longer: go for it!**  
Free offer, open to students and employees  
of the partner universities.
