Dear colleague

The Faculty of Law offers two outstanding Summer Schools.

We would appreciate if you could inform your students about these Summer schools and about **the reduction of €50 for students from our partner universities.**

Students will be able to tick a box for the reduction when applying online.

We look forward to welcoming your students.

Mieke

### [Legal Technology and Legal Innovation](#)

Introductory course in **Python code language** and **developing own legal tech solutions** (chatbots, legal search engines, smart contracts). The course also involves an introduction to the concept of **legal design thinking**.

Applications must be finalized (online) by 15 May 2022 for visa-required participants, and by 15 July 2022 for all other participants.
