

Dear colleagues,

We would like to inform you about the **univie: winter school for Cultural Historical Studies 2023** of the Sommerhochschule of the University of Vienna.

univie: winter school for Cultural Historical Studies – "The Discovery of Modernity - Vienna Around 1900"

Vienna, Austria

February 3 - 17, 2023

The univie: winter school takes place in Vienna, where traces of the outstanding culture of the late 19th and the beginning of the 20th century are still visible.

The two-week program combines first class academic courses with an extensive social and cultural program. Vienna's rich cultural heritage, especially the museums, will lead to a thorough understanding of the input of the fin-de-siècle on the modernization of Europe.

This unique program consists of high-level lectures in the morning and guided excursions in the city of Vienna as well as visits to various museums in the afternoon. Outside the framework of classes, Vienna offers plenty of opportunities to explore additional cultural and historical sights.

The academic course environment encourages intercultural and social exchange and favors mutual understanding within the international student population. Participants thus broaden their horizons, meet colleagues from different fields of study, make friends for life and build connections for their future professional careers.

We made a video to offer some impressions of the univie: winter school. Please use the following link for access: [Winter School Video \(univie.ac.at\)](https://www.univie.ac.at/winter-school/)

Given the intercultural and interdisciplinary aspect of the program our course offerings are, without question, of interest for students from all fields of study, but certainly of special interest for students who study one of the following fields: History, Cultural Studies, Art, Literature, Psychology, and Political Science.
