

Bern, 22. September 2021

For English version see below please.

(Post)Doc Programm Transferable Skills – Schlüsselqualifikationen für die universitäre und ausseruniversitäre Laufbahn

Das Kursprogramm ist komplementär zu dem bestehenden Angebot an der Universität Bern konzipiert und speziell auf die Bedürfnisse der Doktorierenden und Postdoktorierenden ausgerichtet. Es verfolgt in Umsetzung der Strategie 2021, Teilstrategie Nachwuchsförderung das Ziel, den wissenschaftlichen Nachwuchs auf eine anspruchsvolle Tätigkeit inner- oder ausserhalb der Universität vorzubereiten. Themen sind beispielsweise Projektmanagement, Wissenschaftliches Schreiben, Verhandlungstechniken, Führungskompetenz, etc. Die Workshops finden auf deutsch oder englisch statt und sind gratis. Sie zeichnen sich aus durch:

- Individuelles Feedback der Expertinnen und Experten
- intensives Lernen in kleinen Gruppen
- die Möglichkeit zur fächerübergreifenden Vernetzung

Die Anmeldung für das Kursprogramm Herbstsemester 2021 ist eröffnet. Gerne können Sie die Information an Doktorierende und Postdoktorierende weiterleiten: www.ts.unibe.ch
Für Fragen, Anregungen oder Themenvorschläge können Sie mich gerne kontaktieren.

Mit freundlichen Grüssen

Maj-Britt Niemi

Getting Started with 'R' - Analyzing and Visualizing your Statistical Data	01.-03.09.2021, 08-16
Planung und Bewerbung für eine Laufbahn ausserhalb der Wissenschaft	06. & 13.09.2021, 10-18
Lessons in leadership: How to keep your team motivated	08. & 09.09.2021 08:25-15:55
How to write a competitive research grant proposal and fellowship application	10., 15. & 24.09.2021 08:30-12
How to illustrate your research results: Creating advanced vector graphics in Adobe Illustrator CC	20. & 27.09.2021 09-12:30
Best Practices for Storytelling with your scientific Presentation	21. & 28.09.2021 09-17
Scientific Writing for English-Language Publication in the Natural Sciences, Life Sciences and the Medicine	06., 13.,20. & 27.10.2021 13:15-17:45
Budgeting in research grant applications or related projects	07.10, 2021 10-12
Public Speaking for Scientists	08., 15., 22. & 29.10.2021 13-17
Writing and Peer Reviewing for Publication in the Humanities and Social Sciences	12./26.10. & 9./30.11.2021 8:30-12
Avoiding Predatory Publishers and Conferences	14.10.2021 14:15-15:30
Introduction to Statistical Data Analysis and Visualization with Python	18./25.10 & 01.11.2021 09-17
Introduction to Research Data Management	02/05.11.2021 08:30-12
Starting a career in industry: Matching market needs and self-presentation	03./04.11.2021 09:15-17
Scientific Integrity	09.11.2021 12:15-14:00
Introduction to Statistical Data Analysis and Visualization with Python	10., 17. & 24.11.2021 09-17
What researchers need to know about systematic searching before publication	11.11.2021 09:15-12
How to write a competitive research grant proposal and fellowship application	15., 22. & 29.11.2021 08:30-12
How to illustrate your research results: Creating advanced vector graphics in Adobe Illustrator CC	16. & 23.11.2021 09-12:30
Project Communication in Scientific Collaborations and Academic Groups	22. & 29.11.2021 13:30-17
Getting Started with 'R' - Analyzing and Visualizing your Statistical Data	24.-26.11.2021 08-16:00
Open Access Publication	02.12.2021 14:15-17:00

**(Post)Doc Program Transferable Skills –
Key Qualifications for the academic or
non-academic Career**

The program is conceptualized complementary to existing offers at University of Bern and tailored to specific needs of PhD students and postdoctoral researchers. Implementing the university's 'Strategy 2021' (sub-strategy 'targeted promotion of the academics of the future') it aims to prepare young academics for a demanding position within or outside academia.

Topics include Project Management, Scientific Writing, Negotiation Skills, Leadership, etc. Workshops take place in either English or German and are free of charge. Workshops are characterized by

- individual feedback from the experts
- intensive learning in small groups
- multidisciplinary networking opportunities

Registration for fall semester 2021 workshops is open. Feel free to forward this information to doctoral students and postdoctoral researchers. Information is available here:

www.ts.unibe.ch

Please do not hesitate to contact me if you have questions, remarks or suggestions for workshop topics.

Kind regards,

Maj-Britt Niemi
