

Bern, 08. Juli 2022

For English version see below please.

(Post)Doc Programm Transferable Skills – Schlüsselqualifikationen für die universitäre und ausseruniversitäre Laufbahn

Das Kursprogramm ist komplementär zu dem bestehenden Angebot an der Universität Bern konzipiert und speziell auf die Bedürfnisse der Doktorierenden und Postdoktorierenden ausgerichtet. Es verfolgt im Rahmen der Nachwuchsförderung das Ziel, sich in der Qualifikationsphase befindenden WissenschaftlerInnen auf eine anspruchsvolle Tätigkeit inner- oder ausserhalb der Universität vorzubereiten. Themen sind beispielsweise Projektmanagement, Wissenschaftliches Schreiben, Verhandlungstechniken, Führungskompetenz, etc. Die Workshops finden auf deutsch oder englisch statt und sind gratis. Sie zeichnen sich aus durch:

- Individuelles Feedback der Expertinnen und Experten
- intensives Lernen in kleinen Gruppen
- die Möglichkeit zur fächerübergreifenden Vernetzung

Die Anmeldung für das Kursprogramm Herbstsemester 2022 ist eröffnet. Gerne können Sie die Information an Doktorierende und Postdoktorierende weiterleiten: www.ts.unibe.ch
Für Fragen, Anregungen oder Themenvorschläge können Sie mich gerne kontaktieren.

Mit freundlichen Grüssen

Maj-Britt Niemi

Getting Started with 'R' - Analyzing and Visualizing your Statistical Data	21.-23.09.2022 08-16:00
Remote Research - Hands-on competencies for digital research settings	21.09., 19.10. & 02.11.2022 09:15-12:00
Scientific Integrity in the Natural Sciences, Life Sciences and the Medicine	22.09.2022 12:15-14:00
Scientific Integrity in the Social Sciences and Humanities	22.09.2022 13:15-15:00
Project management practise for efficient research	26.09. & 03.10.2022 08-16:00
Writing and Peer Reviewing for Publication in the Humanities and Social Sciences	27.09., 11.10., 25.10. & 08.11.2022 08:30-12:00
Starting a career in industry: Matching market needs and self-presentation	28. & 29.09.2022 09:15-17:00
Public Speaking for Scientists	30.09., 07., 14., & 21.10.2022 13-17:00
Best Practices for Storytelling with your scientific Presentation	05./06.10.2022 09-17:00
Scientific Writing for English-Language Publication in the Natural Sciences, Life Sciences and the Medicine	05., 12., 19., 26.10.2022 14:15-17:30
Introduction to Data Analysis and Visualisation with Python	07., 14., 21.10., 04.11. & 11.11.2022 14:15-17:00
How to write a competitive research grant proposal and fellowship application	17., 24. & 31.10.2022 08:30-12:00
Planning and applying for a professional career outside academia	21. & 28.10.2022 10-18:00
Entrepreneurship – develop your own business	24. & 31.10.2022 14-17:30
Branding your research and networking in academia using a scientific poster	26./27.10.2022 09-17:00
Public Speaking for Scientists	28.10., 04.11., 11.11. & 18.11.2022 13-17:00
What researchers need to know about systematic searching before publication	03.11.2022 09:15-12:00
Planning and applying for a professional career outside academia	07. & 14.11.2022 10-18:00
Introduction to Data Analysis and Visualisation with Python	09.-11.11.2022 09-17:00
How to illustrate your research results: Creating advanced vector graphics in Adobe Illustrator CC. online	09./16.11.2022 09-12:30
Open Access Publication	11.11.2022 09-11:45
How to write a competitive research grant proposal and fellowship application	15., 22. & 29.11.2022 08:30-12:00
Creating vector graphics with Adobe Illustrator	17. & 24.11.2022 12:30-16:00
Self-Leadership	18. & 25.11.2022 08:30-12:00
Getting Started with 'R' - Analyzing and Visualizing your Statistical Data	21.-23.11.2022 08-16:00
Introduction to Research Data Management	05.12.2022 09-17:00, 06.12.2022 09-12:00
Introduction to budgeting in research grant applications or related projects	08.12.2022 10-12:00

**(Post)Doc Program Transferable Skills –
Key Qualifications for the academic or
non-academic Career**

The program is conceptualized complementary to existing offers at University of Bern and tailored to specific needs of PhD students and postdoctoral researchers. It aims to prepare young academics for a demanding position within or outside academia.

Topics include Project Management, Scientific Writing, Negotiation Skills, Leadership, etc. Workshops take place in either English or German and are free of charge. Workshops are characterized by

- individual feedback from the experts
- intensive learning in small groups
- multidisciplinary networking opportunities

Registration for fall semester 2022 workshops is open. Feel free to forward this information to doctoral students and postdoctoral researchers. Information is available here:

www.ts.unibe.ch

Please do not hesitate to contact me if you have questions, remarks or suggestions for workshop topics.

Kind regards,

Maj-Britt Niemi
