

Zurich, July 2023

Call for proposals 2025

Dear colleagues,

The Congressi Stefano Franscini is ETH Zurich's conference platform located at Monte Verità, a beautiful hilltop in Southern Switzerland overlooking Ascona and Lago Maggiore.

Since 1989, the CSF supports professors and senior researchers working at a Swiss research institution in organizing a subsidized international conference, an ETH doctoral school, or a workshop at the Monte Verità congress centre. In 2023, Monte Verità received the Swiss location award, recognizing it as a top congress location in Switzerland.

The first deadline for submission is **October 1, 2023**. A second call for the remaining dates in 2025 with deadline January 15, 2024, will be opened later this year. For further details, please refer to our website (www.csf.ethz.ch), where you also find our terms and conditions and a link to the online platform for submitting your application.

Yours sincerely,

Prof. Dr. Niko Beerenwinkel
Director Congressi Stefano Franscini

Enclosure: Call for proposals 2025
